2. What Detox-Kit is used for

Pharmacological classification: D.33.2 Homeopathy

Discipline of the medicine: Homeopathy

These medicines act in accordance with homeopathic principles and is proposed for use in detoxifying the body from toxins.

Berberis-Homaccord® Drops: Proposed for use in inflammation and irritation (with or without concretions) in the region of the urogenital tract and the biliary duct. It activates the renal and biliary systems.

Lymphomyosot® N Drops: Proposed for use in lymphatism (tendency to hypertrophy of the lymphatic organs; tendency to formation of oedemas and to susceptibility to infections); glandular swelling; tonsillar hypertrophy; chronic tonsillitis. It activates the lymphatic system in order to detoxify the connective tissue and the mesenchyme.

Nux vomica-Homaccord® Drops: Proposed for use in functional disorders in the gastrointestinal and hepatic region; meteorism; disorders after consumption of alcohol, coffee or nicotine. It stimulates the gastrointestinal excretion pathway as well as the hepatic system (liver).

3. Before you take Detox-Kit

Do not take Detox-Kit:

- if you are hypersensitive (allergic) to the active substances or any of the other ingredients of Detox-Kit.
- Lymphomyosot® N Drops: This preparation may not be administered to patients who have a thyroid disorder without prior approval from a physician.

Pregnancy and Breastfeeding

In general, homeopathic medicines are not known to cause direct or indirect harm to the foetus. In cases of pregnancy, or suspected pregnancy, a physician should be consulted before using the Detox-Kit.

Taking other medicines with Detox-Kit:

If you are taking other medicines on a regular basis, including complementary or traditional medicines, the use of Detox-Kit with these medicines may cause undesirable interactions. Please consult your doctor, pharmacist or other healthcare professional for advice.

4. How to take Detox-Kit

Do not share medicines prescribed for you with any other person.

Always take Detox-Kit exactly as your doctor has instructed you. You should check with your doctor or pharmacist if you are unsure.

The usual dose is:

10 drops of each preparation in a little water 3 times daily. Hold in mouth 10-15 seconds before swallowing. The Detox-Kit should be taken for 3 weeks; stopped for one week and taken for another 3 weeks.

Alternative directions for use: Pour 30 drops of each preparation in a bottle of spring water (0,7 - 1,5 litres), shake lightly and drink throughout the course of the day.

If you take more Detox-Kit than you should:

Berberis-Homaccord® Drops: Ingestion of the whole contents of this bottle by a child could result in alcohol intoxication. Treatment is symptomatic.

Lymphomyosot® N Drops: Ingestion of the whole contents of this bottle by a child could result in alcohol intoxication. Treatment is symptomatic.

Nux vomica-Homaccord® Drops: Ingestion of the whole contents of this bottle by a child could result in alcohol intoxication. Treatment is symptomatic.

In the event of over dosage, consult your doctor or pharmacist. If neither is available, seek help at the nearest hospital or poison control centre.

If you forget to take Detox-Kit:

Do not take a double dose to make up for forgotten individual doses.

5. Possible side effects

Detox-Kit can have side effects.

None known.

Not all side effects reported for Detox-Kit are included in this leaflet. Should your general health worsen while taking this medicine, please consult your doctor, pharmacist or other healthcare professional for advice.

If you notice any side effects not mentioned in this leaflet, please inform your doctor or pharmacist.
